- Major Safety Concerns / Injuries / Accidents
- Critical Resource Needs
- Resources Available to Reassign/Share/Demob

Predictive Services:

Weather update:

Basil

Newmerzhicky

Thunderstorms will be more on the drier side than wet in western ID into the Pioneer fires and will move east into Salmon/Challis down toward Elko. Over the next 48hrs a front coming out of the north will bring a NW wind shift of 10-20mph starting in ID. Winds could get as strong as 20-30mph out of the NNW. Moisture will stay on the other side of the divide. Isolated lightning in the north, ID, and parts of northern UT. The rest of UT will be more wet than dry.

GBCC Update:

Kara Stringer

- Light IA. 17 new for 7,000 acres
- Large Fire Growth: 4,124
- New starts last night: NV-WID Monroe 4,000+ structures threatened and Sand Pass 2,300 acres. ID-CIC large fire unknown acres.
- In the GB: 1 T2 IMT (2 on Thurs), 1 T1 IMT 2 MAFFs, 2 Scoopers, 2 AT (1 D/O), 19 SEATS (1 D/O), 3 LP (1 D/O), 1 ASM, 3 loads of SMKJ/2 bases
- Helos Committed: 16 T1, 15 T2, 28 T3
- GBCC went to PL3 this morning

MAC / GBCC

Coordinator

Dennis Terry

- Rowdy sent the FAST team notes to GMAC and Coordinating Group. FAST got to both Pioneer and Pioneer North. Brought a matter to our attention and we are moving forward to a resolution.
- FAST team going to Rough this morning. The aviation position will not go to the fire, instead he will head to Challis where the helibase is set up.
- Rowdy will call Dennis at 1200 with the rest of the plan.

<p>1 Fire: Pioneer IC: Wilkins, South Zone, Chadwick, North Zone</p>	<p>77,000 / 50% /1843/43.7M</p> <ul style="list-style-type: none"> • Most of the fire will be in patrol, mop-up and/or Rehab. • West: N winds caused a slope over in the White Cap drainage. Due to safety unable to go direct. Looking a multiple alternatives. Potential to grow 3,000-10,000 acres over the next 2-5 days. • North Zone: Proceeded with burnout last night near Lowman Proper and it was extremely successful. Fire is now burning extremely well in the old Lowman fire scar • Critical Resource Needs: 3 T1 Crews for support over the next 48hrs. • Level 2 evacuations still in place, 20 homes in the Clear Creek/Lowman area. Still a threat along Hwy 21 • Closures: Forest, Hwy 17 still closed. • Political Issues: Governor visiting today. Fire causing a terrible Inversion in surrounding areas. • Injuries: 1 – Knee Injury, transported by helicopter internally. ICS-209 was wrong, they did not use shorthaul. • Resources Available: None
<p>2 Fire: Strawberry IC: DeMasters and Lund</p>	<p>4657 / 15% / 125 / 3.8M</p> <ul style="list-style-type: none"> • Small increase to acres was adding in a previously burned area. • Not a threat to the powerlines • Continue to mop-up and rehab • South: Hold and Patrol – looking good • Closures: Reopening the park • Critical Resource Needs: None • Injuries: None • Resources Available: 4 TFLD, 3 Engines, 1 Dozer, 1 WT, 1 IHC and 1 IHC tomorrow
<p>3 Fire: Toponce Creek IC: Johnson (not on call)</p>	<p>214 / 90% / 360 / 3.8M</p> <ul style="list-style-type: none"> • East of Pocatello, ID • Full Suppression – Type 3 organization
<p>4 Fire: Rough IC: Blom</p>	<p>2600 / 20% / 100/ 1.2M</p> <ul style="list-style-type: none"> • Will stay at 20% containment. • Minimal fire activity due to inversion from the Pioneer fire. • Waiting for fire to mover N toward there prepped line and will hold fire there. • Fire is 50% Confine and 50% Suppression • Glide Path is this weekend. • Critical Resource Needs: None.
<p>5 Fire: Box Canyon IC: Turner</p>	<p>3000 / 20% / 37 / 1.75M</p> <ul style="list-style-type: none"> • No major fire growth • Northeast: Hand firing was successful. • Trending down – going to T4 by Friday • Repositioning Crew and FUM • Political Issues: None

	<ul style="list-style-type: none"> • Closures: Amended area closures on the 209. Reopened FS roads • Injuries: None • Critical Resource Needs: None • Resources Available: None
6 Fire: Briggs IC: Ostler	500/ 0% / 100 / \$89,000 <ul style="list-style-type: none"> • Fire doubled in size • Crews doing point protection around summer homes and ski resort. • Area Closures in place • Safety Issues: None • Political Issues: • Injuries: None • Critical Resource Needs: High Altitude T3 Helicopter w/ PSD capabilities • Resources Available: None
New Fires WID	<ul style="list-style-type: none"> • Monroe - T3 - 4000+ acres – structures threatened • Sand Pass – T3 – 2300 acres • Per Kara (NV) Issues are sage grouse and structures
New Fire Stein FMO on call	300-600/ 0% <ul style="list-style-type: none"> • Started 8/16 @ 2030 - 15 Miles North of Salmon, ID • Spent the night getting people off and out of recreational areas • Subalpine Fir and Lodgepole Pine – Steep terrain and inaccessible with continuous fuels • North: Structures within 3 miles • West: potential to burn to US 93 and toward 4th of July (structures) • North winds will push it toward Tower Creek drainage • Political Issues: Very visible from Salmon, ID, 2 different fire districts are involved, and long duration fire • Safety Concerns: Steep and inaccessible terrain. Extreme fire behavior observer thru the night. • Critical Needs: 2 T2 Heli's, 1 T3 Heli and T2IA to boost local unit • Most likely full suppression but depends on growth. East side is the only one they will take a look at. N, W, and S will be full suppression.
SCF FMO	FYI for FAST – Helibase is in Salmon not Challis.
Date/Time of Next Call:	8/18 @ 0800 MT / 0900 PT
